

Ongoing Research Projects

Row	Research code	Title	Researcher	Date of Registration
1	54676	Comparing short-term complications of early-term with full-term delivery in Iran	Parvaneh Sadeghi-Moghaddam	1400/05/28
2	53965	Evaluation of the predictive value of platelet to lymphocyte ratio (PLR) and neutrophil to lymphocyte ratio (NLR) indices in treatment course of pregnant women with COVID-19	Fahimeh Ghotbizadeh Vahdani	1400/05/12
3	54312	Evaluation of short-term complications of late preterm single and multiple pregnancy in Iran	Parvaneh Sadeghi-Moghaddam	1400/05/12
4	54382	Comparison of psychological and personality disorders before and after Covid 19 and its relationship with disease severity in women (pregnant & without pregnant) referred to Imam Khomeini Hospital	Nasrin Abedinia	1400/05/10
5	54372	Assessment of association between cervical length in mid-pregnancy and maternal serum vit D level	Seyedeh Mojgan Ghalandarpour Attar	1400/05/09
6	54189	Assessment of association between admission NST findings and neonatal outcomes in elective cesarean sections in low risk pregnancies in Arman and Erfan hospitals during year 2021	Sedigheh Hantooshzadeh	1400/04/25
7	53664	Correlations between cord blood zinc level with neonatal antropometric measures in term infants at Yas Hospital in 2021	Mohamadreza Zarkesh	1400/04/10
8	53698	The relationship between prematurity and HIV-infected mothers between 2016 and 2021 in valiasr hospital	Mohamadreza Zarkesh	1400/04/10
9	53863	Hypothyroidismthe in preterm babies while using of an iodine-containing contrast agent to visualise the PICC tip in yas hospital in year 2021-2022	Mohamadreza Zarkesh	1400/04/10
10	53634	Developing Adapted National Practical guideline for prevention and management of Preeclampsia and Eclampsia and capaity building for implementation	Mamak Shariat	1400/03/22
11	53448	Assessment of the rate and trend of neonatal mortality and predictive factors of neonatal mortality in intensive care unit in Valiasr Hospital during 2016-2021	Tahereh Esmaeilnia Shirvani	1400/03/18

12	53443	The report of treatment of hypoglycemia and thrombocytopenia with diazoxide in a neonate admitted to the neonatal intensive care unit (NICU)	Amir Naddaf	1400/03/12
13	53180	Maternal mortality and morbidity Software Support	Nahid Farrokhzad	1400/02/25
14	53070	Comparison of the effect of Nasal Bipap and Nasal Cpap in premature infants with respiratory distress admitted to NICU of Valiasr Hospital	Hossein Dalili	1400/02/17
15	52954	Implementation of " Care for Child Development" (CCD) intervention in the health system and children's institutional care system of Iran	Mamak Shariat	1400/02/08
16	52886	Assessment of the Effective Factors on Choosing the Type of Delivery from the Perspective of Obstetricians in Iran	Leyla Sahebi	1400/02/06
17	52456	Assessment of outcomes of pregnancy, according to normal or impaired antenatal screening results	Sedigheh Hantooshzadeh	1399/12/24
18	52465	Assessment of the frequency, causes and consequences of blood transfusion during pregnancy and postpartum period in hospitals affiliated to three universities of medical sciences of Tehran city from September 2021 to March 2022	Mamak Shariat	1399/12/24
19	52367	Evaluation of a comprehensive genetic approach to multiple congenital anomalies using modern cytogenomic methods and sequencing of the new generation	Ali Rashidi Nezhad	1399/12/17
20	51905	Association between rubella IGG and COVID 19 severity in patients admitted to Imam Khomeini Hospital in 1400	Leyla Sahebi	1399/11/24
21	51422	Designing a care system for high-risk maternal requiring admission to intensive care unit	Nahid Farrokhzad	1399/10/16
22	51201	Technical support of high-risk infant registration and Follow-up system	Mamak Shariat	1399/10/06
23	50691	Assessment and definition of cut-off point of normal blood glucose levels in the first and second trimester of pregnancy, using maternal and neonatal outcomes in Iran	Mamak Shariat	1399/09/08
24	50701	Comparision of the prevalence of maternal and neonatal outcomes, 6 months before and after incidence of epidemia of COVID-19 in Iran	Raheleh Moradi	1399/09/08

25	50535	Comparison of neonatal outcomes between two groups of neonates admitted to Valiasr NICU due to spontaneous pregnancy and pregnancy with assisted reproductive techniques (ART) between 2015 and 2020	Amir Naddaf	1399/08/20
26	50101	Manufacturing the device of hypothermia by using airflow	Hamid Soltanalian	1399/06/31
27	42880	Investigating the Effect of the Empathy Enabling Program on the Nurses' Empathy and Parent- Nurse Communication in the Intensive Care Nursery(S)	Marzieh Hasanpour	1399/06/15
28	49663	Evaluation of the effect of prenatal betamethasone on fetal ductus arteriosus	Toktam Sheykhan	1399/06/11
29	48507	Investigating the results and consequences of suspected and definite cases of corona during pregnancy, delivery and postpartum in Iran and comparing it with the reports and documents of other countries	Mamak Shariat	1399/03/07
30	48031	the association of serum troponin level with short term outcome in premature infant admitted in yas hospital in 2021	Mohamadreza Zarkesh	1399/02/13
31	47999	The association of serum troponin level with PDA in premature infants born in Yas hospital in 2021	Mohamadreza Zarkesh	1399/02/13
32	47897	Documenting and updating Covid-19 contents during pregnancy and postpartum	Nahid Farrokhzad	1399/02/02
33	47270	The Early and Late Outcome Investigation of the Neonates that Born from Infected Mothers with COVID-19 in IRAN	Hossein Dalili	1399/01/04
34	45639	Evaluation and comparison of neurodevelopmental outcome of infants of diabetic mothers and control group-historical cohort	Ziba Mosayebi	1398/18/09
35	43870	The Second Phase of newborn intensive care Program: Organization of network system	Mamak Shariat	1398/7/23
36	43496	A proposed equation determining the inserted length of percutaneous central venous catheter on preterm neonates in the NICU (Yas Hospital; 2018)	Mohamadreza Zarkesh	1398/06/16
37	43497	Designing a data mining system to predict the need of neonatal resuscitation (valiasr Hospital; 2019)	Mohamadreza Zarkesh	1398/06/16

38	43473	The comparison of neurodevelopment of near term and healthy term infants at Imam Khomeini hospital 2017-2018	Mamak Shariat	1398/06/14
39	43472	Determination of the frequency of asphyxia and its influencing factors in live born neonates with gestational age of 34 weeks or more in Imam Khomeini (Vali-e-Asr), Mohebe yas and Ziaean hospital during 1399-1998	Roksana Moeini	1398/06/13
40	43446	Assessment of frequency of birth trauma and its risk factors in infants live borned ; a multicenteric study	Amir Naddaf	1398/06/12
41	42467	The Third Phase of Creating of National Twin Registry: Biobank Production and Development	Mamak Shariat	1398/03/29
42	41889	Evaluation of premature infant discharge and follow-up information management system	Marjan Ghazisaeedi/ Fatemeh Sadat Nayeri	1398/02/05
43	41851	Comparative study of the effects of paracetamol, hyosine and propranolol on the duration of labor and labor pain	Fahimeh Ghotbizadeh Vahdani	1398/02/02
44	41265	Developing a protocol for the promotion of normal delivery	Nahid Farrokhzad	1397/11/24
45	40859	Assessment of the efficacy and tolerability of two types of ferrous glycine sulphate supplements versus ferrous Sulfate in anemic and not anemic pregnant women	Mamak Shariat	1397/10/17
46	40736	A Three branches RCT for evaluation of efficacy and safety of Bracsorf surfactant in comparison of survanta and Krussorf surfactant in neonates with RDS	Fatemeh Sadat Nayeri	1397/10/04
47	40345	Assesment of Intra placental carcinoma frequency and etiology of pathologic placenta after delivery in vali-e-asr hospitals	Setareh Akhavan	1397/09/11
48	40111	Prenatal blood lead levels and birth weight: a meta-analysis	Mohsen VigeH	1397/08/19
49	40028	evaluation of the relationship between newborn s and mother s vitamin D levels with incidence of necritizing enterocolitis in premature newborns admitted to NICU department of bahrami hospital and yas hospital	Mohamadreza Zarkesh	1397/07/10

50	40027	Correlation between false positive neonatal hearing screening failure by OAE test and perinatal factors	Mohamadreza Zarkesh	1397/07/10
51	37715	Pre-pregnancy/prenatal metal exposure and pregnancy outcomes	Mohsen VigeH	1396/11/29
52	36269	The effect off ASA in early IUGR	Fahimeh Ghotbizadeh Vahdani	1396/06/30
53	36214	Explanatory phenomenological study of childbearing and parenting of primiparas women, design, implementation and evaluation of empowerment program based on theory of planned behavior(TPB): mixed method study	Niloofar Salighehdar Iran	1396/06/23
54	36165	Role of stress on uterine arteries doppler in high risk pregnant women in Down syndrome and comparison with low risk group in Yas hospital in 1397 and 1398	Mahboobeh Shirazi	1396/06/13
55	36284	Evaluation of pregnancy outcomes in neonates born in pregnancies using radiofrequency (RF) waves to eliminate defective gills in monozygotic twin monochorion diamenion with complication in 2016-2017 referred to the perinatology ward of Yas Hospital	Mahboobeh Shirazi	1396/06/11
56	34495	Monitoring and evaluation of the 4-year perinatal network system between perinatal centers of Tehran university of medical sciences	Fatemeh Sadat Nayeri	1395/12/08
